

**GRD Series — Roof, Gutters, & Drain De-Icing
 Self Regulating Heating Cables**

DESCRIPTION

SBA heat tracing cable type GRD is for De-icing of Roofs, Gutters and Drains. For Commercial, Residential and New Construction

PRODUCT CONSTRUCTION

1. Copper bus wire
2. Self-regulating conductive core
3. Bonded inner jacket
4. Outer modified polyolefin jacket
5. Tinned-copper braid
6. Modified polyolefin protective overjacket (-BA)

PRODUCT CHARACTERISTICS AND DESIGN INFORMATION

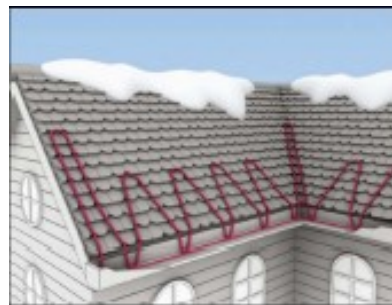

Catalog number
 12GRD-1BA | 12GRD-2BA

Service voltage
 120V | 208-277 V

Nominal power output
 12 W/ft (40 W/m) @ 50°F (10°C)

Copper bus wire 15 AWG

Max. maintenance temperature
 194°F (90°C)

**PH: 905-821-9600
 800-268-3900
