

**CSM Series — Concrete Snow Melt
 Self Regulating Heating Cables**

DESCRIPTION

SBA heat tracing cable type CSM is for Concrete Snow Melting and De-icing of Driveway's, Ramps, and Sidewalks. For Industrial, Commercial, Residential and New Construction.

PRODUCT CONSTRUCTION

1. Copper bus wire
2. Self-regulating conductive core
3. Bonded inner jacket
4. Outer modified polyolefin jacket
5. Tinned-copper braid
6. Modified polyolefin protective overjacket (-BA)

PRODUCT CHARACTERISTICS AND DESIGN INFORMATION

Catalog number
 CSM-2BA

Service voltage
 208-277 V

Max power output 25 W/ft (80 W/m) @ 32°F (0°C) In Concrete

Copper bus wire 14 AWG

Max. maintenance temperature 195°F (90°C)
 Max. intermittent exposure temperature 212°F (100°C)

PH: 905-821-9600
800-268-3900
