

### Accu-Therm® Plate Heat Exchanger

#### Plate & Frame

Our original Accu-Therm® plate heat exchangers are designed to provide you worry-free, highly efficient heat transfer solutions whether you are processing simple fluids, viscous solutions, or particulates.

#### Brazed Plate Heat Exchanger

Paul Mueller Company offers one of the world's largest range of Brazed Plate Heat Exchangers and the program is constantly being expanded. Many of these heat transfer units are available in stock.

#### Accu-Therm® Sanitary Plate Heat Exchanger

The Sanitary Accu-Therm plate heat exchanger is designed to meet a variety of sanitary process applications for Food & Drug manufactures
